BIG NEWS

From Idea to Impact: IHS Launches Its Social Enterprise Journey with a $60,000 CA RISE Grant

We're thrilled to share that Innovative Health Solutions has been awarded a **$60,000 grant** from the California Regional Initiative for Social Enterprise (CA RISE).

IHS joins 63 organizations across California in the 2026–2027 cohort, part of a $13.2 million statewide investment in businesses that create jobs for people facing barriers to work. CA RISE is funded by the State of California through CalOSBA and led by Redefine Alliance.

What this means for Solano County

With this grant, IHS is developing a new employment social enterprise: a business that offers paid work, training, and support to people who have been shut out of traditional jobs. We're now in the idea incubation phase, shaping and testing our concept with coaching from a statewide learning community.

> *“For fifteen years, IHS has brought people and organizations together to strengthen Solano County. This grant lets us extend that work into economic opportunity. The board is proud to support a venture that will put good jobs within reach of residents who need them most.”*

Stay tuned

We'll share updates as our enterprise takes shape. Thank you to our partners, volunteers, and supporters who make this work possible.
